Ronnie:

I will probably get my but chewed for contacting you directly but I have Adam Adams scheduled to come out for me 10/13 - 17 while I am on Phone Duty. As you know, 10/13 is a Federal Holiday. We are at a crucial time in the cleanup where we will be transferring wastes into new vacuum boxes and I believe that it is imperative that Adam be allowed to work the holiday.

The contractors do not celebrate this holiday so it is not appropriate to shut the site down for this day as we are trying to get these activities completed.

Please authorized Adam to work on 10/13.

Thanks

Gary Moore
